To Whom It May Concern:

This letter is just a short testimonial on behalf of Paul Boone, formerly the attorney in our BNI group. Recently my sister has had need of a family law attorney and asked me if I could recommend anyone. I knew Paul was not in that area of law but I felt sure he would know someone who is.

I approached Paul at our meeting and asked him who he might recommend. He gave me the name of a trusted colleague, but also asked me a few questions about her situation. He was very sensitive to the nature of her needs, very understanding and reassuring. He asked me to have her call him first to discuss her situation with him at no charge.

I passed the information along to my sister, and shortly thereafter she called Paul. She told me later that he was just as advertised—sensitive, professional, and comforting. Following that, she spoke to Paul's colleague and was very impressed with him, and encouraged.

I had planned to thank Paul personally at the next meeting for helping my sister, volunteering his support for free with no chance of any return business. Sadly, for legal reasons, Paul has had to leave our chapter. I'm sure I speak for many when I say he will be sorely missed for his soft-spoken manner, professional mien, and dedication to the group. I have a further personal connection with Paul as he is the one who brought me in to the group.

I will continue to try to refer work to Paul, and will certainly use him myself if I have any legal needs in his area of expertise. I know him to be a man of the highest moral character and professionalism, and I highly recommend him.

Sincerely,

Dan Coates
